**VISITORS
GUIDE**

Welcome to Cabrillo Marine Aquarium, a trusted resource that inspires exploration, respect and conservation of Southern California marine life.

Visit the Welcome Booth to learn more about daily auditorium presentations, live and interactive animal spotlights, sensory sensitive kits and special member offerings.

Susanne Lawrenz-Miller Exhibit Hall

Five major environments are showcased: rocky shores, kelp forest, sandy beaches, mudflats and the open ocean. Interpretive and live exhibits show the many types of Southern California ocean animals and plants that live in each habitat and explain how they are adapted to protect themselves, obtain food and reproduce.

Exploration Center

Engage your senses and use scientists' tools as you learn to explore the habitats of the Cabrillo Coastal Park. Examine your role in the watershed, get a worm's eye view of the mud, use microscopes and more. Friendly staff and volunteers are on hand to answer questions and guide you through areas of our coastal park.

Aquatic Nursery

Visit a living laboratory where we grow young sea animals and young scientists. Throughout the exhibits you will see detailed, ongoing experiments run by our student and volunteer scientists who will gladly explain what is going on and answer your questions.

Marine Laboratory Classroom

In-depth marine biology experiences provide after-school and summer programs using microscopes, live animals in the lab and our coastal park seashores.

Cabrillo Beach Coastal Park

In an easily and fully accessible walk, visit the rocky shore tidepools, beaches, Los Angeles breakwater, fishing pier, Salinas de San Pedro salt marsh, fossil cliffs, native plant garden and more! Look for Weekend Tidepool Walks scheduled throughout the year and Meet the Grunion programs in the spring and summer.

Whale Watching and Channel Island Adventures

Join us aboard natural history voyages to observe whales and visit the Channel Islands throughout the year.

Volunteer!

Love the ocean? Help us make waves by becoming a volunteer! Contact our Volunteer Coordinator at 310-548-7562 x229.

Aquarium Gift Shop

Ocean-themed gifts for all ages, books for children and budding scientists, and other souvenirs enable you to support the Aquarium and take home a bit of it at the same time!
